

Taxonomic Guides

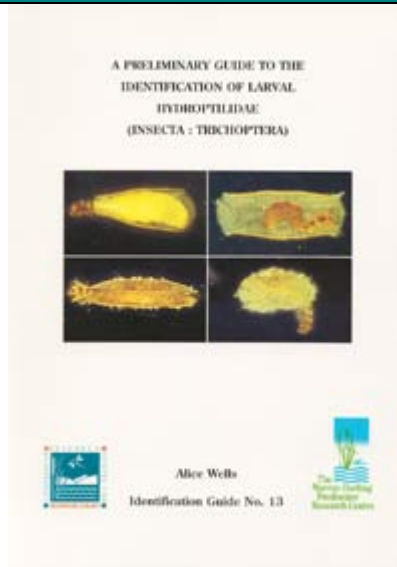

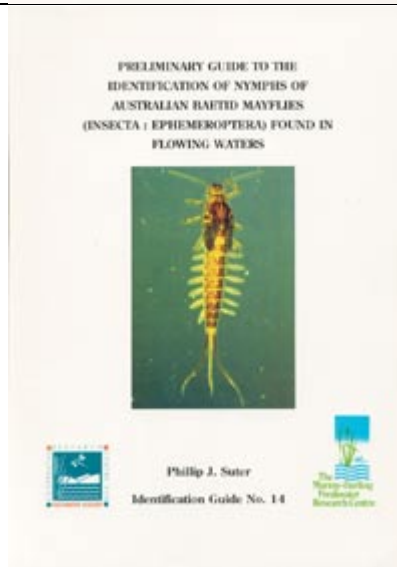

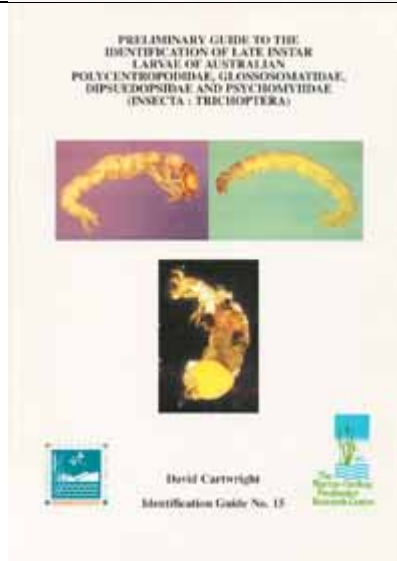

Taxonomic guides can be purchased from the Murray Darling Freshwater Research Centre on: (02) 6024 9650 or info@mdfrc.org.au. All prices are GST inclusive but DO NOT include postage as this varies with the size and destination of the order.

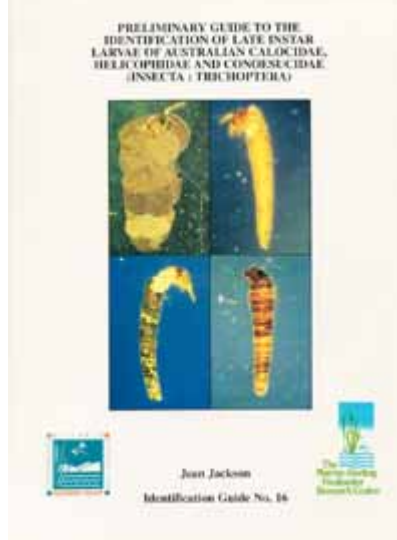

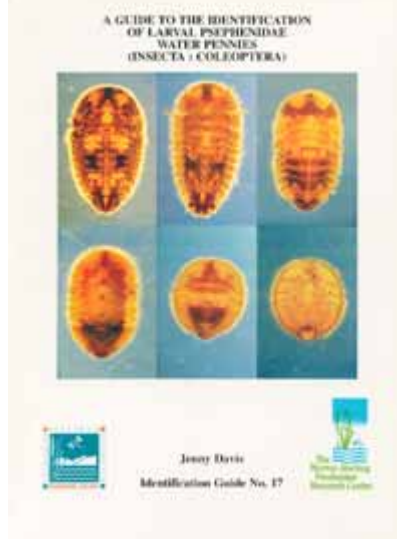

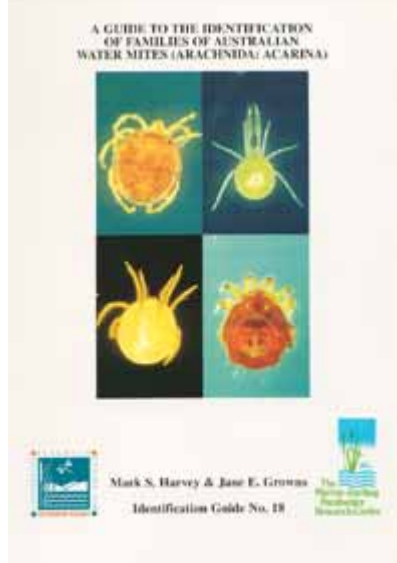

No	Cover	Content	Price
1		<p>A preliminary guide to the identification of the microdrile oligochaetes of Australian inland waters</p> <p>A.M. Pinder and R.O. Brinkhurst, 1994</p> <p>Contains: keys to families, genera and species; morphological text and drawings; preparation techniques; checklist and distribution of species; taxonomic and ecological information for families, genera, and species with drawings</p> <p>Replaced by Pinder, A.M. (2010) Tools for identifying selected Australian aquatic oligochaetes (Clitellata: Annelida). <i>Museum Victoria Science Reports</i> 13: 1-26</p>	out of print
2		<p>A preliminary guide to keys and zoological information to identify invertebrates from Australian inland waters (2nd edition)</p> <p>J. H. Hawking, 2000</p> <p>Contains: list of currently available taxonomic keys and information</p> <p>No longer current Refer to http://www.mdfrc.org.au/bugguide/resources/Draft_Index_of_Keys_MDFRC.pdf</p>	\$5.00
3		<p>A guide to the identification of rotifers, cladocerans and copepods from Australian inland waters</p> <p>R. J. Shiel, 1995</p> <p>Contains: keys to orders, families, genera and species with drawings; morphological text and drawings; glossary; sampling and identification techniques; general ecological and life history information</p>	out of print

No	Cover	Content	Price
4		<p>Preliminary key to the malacostracan families (Crustacea) found in Australian inland waters</p> <p>P. Horwitz, B. Knott and W.D. Williams, 1995</p> <p>Contains: keys to families with drawings; morphological text and drawing; glossary; checklist of genera</p> <p>Family keys of some Orders have been replaced;</p> <p>King, R.A., Bradbury, J.H. (2012) Updated guide to the freshwater amphipods of Australia. TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 31 January – 1 February 2012</p> <p>Anaspidacea & Bathynellacea – Guide 44</p> <p>Wilson, G.D.F. (2012) Key to the genera of Phreatoicoidea. TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 31 January – 1 February 2012</p>	out of print
5		<p>Preliminary key to the species of Decapoda (Crustacea: Malacostraca) found in Australian inland waters</p> <p>P. Horwitz, 1995</p> <p>Contains: keys to genera and species; morphological drawings; glossary; checklist and distribution of species; general ecological information</p> <p>Keys to species of <i>Caridina</i>, <i>Euastacus</i> and <i>Macrobrachium</i> have been replaced;</p> <p>Page, T., Choy, S.C., Hughes, J.M. (2005) The taxonomic feedback loop: symbiosis of morphology and molecules. <i>Biol. Lett.</i> 2005 1:139-142</p> <p>McCormack, R.B. (2013) Preliminary key to the Australian spiny crayfish <i>Euastacus</i> (Decapoda: Paratascidae) Presented at TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 5 – 6 February 2013</p> <p>Short, J.W. (2004) A revision of Australian river prawns, <i>Macrobrachium</i> (Crustacea: Decapoda: Palaemonidae). <i>Hydrobiologia</i> 525: 1-100</p>	out of print
6		<p>Identification keys to the families and genera of bivalve and gastropod molluscs found in Australian inland waters</p> <p>B. J. Smith, 1996</p> <p>Contains: keys to families and genera with drawings; glossary; collection and preservation techniques; checklist and distribution of families; ecological information for families; taxonomic information for genera</p> <p>Gastropoda: a number of keys have been replaced; refer to http://www.mdfrc.org.au/bugguide/resources/Draft_Index_of_Keys_MDFRC.pdf</p> <p>Bivalvia: Unionida replaced by guide 51</p>	\$24.20

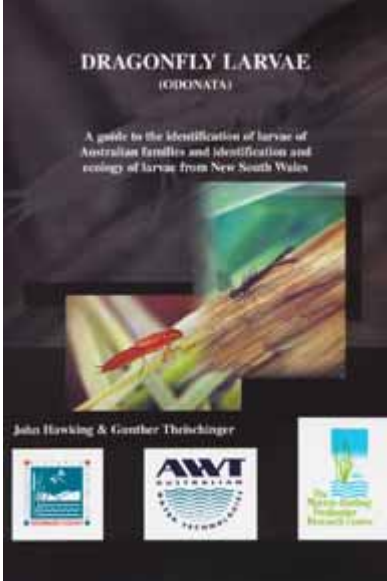

No	Cover	Content	Price
7		<p>Mayfly nymphs of Australia: A guide to genera J. C. Dean and P. J. Suter, 1996</p> <p>Contains: keys to families and genera with drawings; morphological text and drawings; checklist and distribution of genera; taxonomic information for families and genera; ecological information for families</p> <p>Genus keys of some families replaced;</p> <p>Webb, J. & Suter, P. (2011) Identification of larvae of Australian Baetidae. <i>Museum Victoria Science Reports</i> 15: 1-24</p> <p>Caenidae - Guide 23</p> <p>Dean, J.C. (2011) A key to Australian genera of mayfly nymphs of the family Leptophlebiidae (Ephemeroptera). Presented at TRIN workshop, La Trobe University, February 2011</p>	out of print
8		<p>Colour guide to invertebrates of Australian inland waters J.H. Hawking and F.J. Smith, 1997</p> <p>Contains: glossary; checklist of families; taxonomic, distribution and ecological information for families, genera and species</p>	\$25.00
9		<p>Aquatic life in freshwater ponds: A guide to the identification and ecology of life in aquaculture ponds and farm dams in South Eastern Australia B.A. Ingram, J.H. Hawking and R.J. Shiel, 1997</p> <p>Contains: general keys to various taxonomic levels with drawings; glossary; collection techniques; general ecological information and specific information for families and higher taxa; colour plates</p>	\$33.00

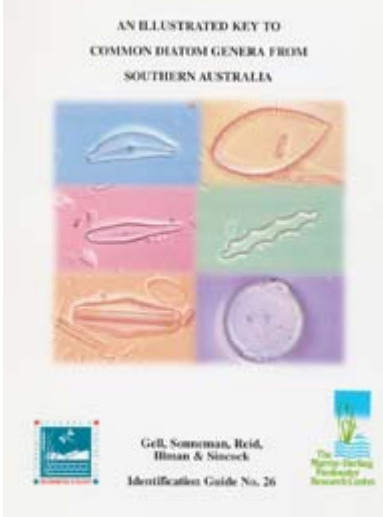

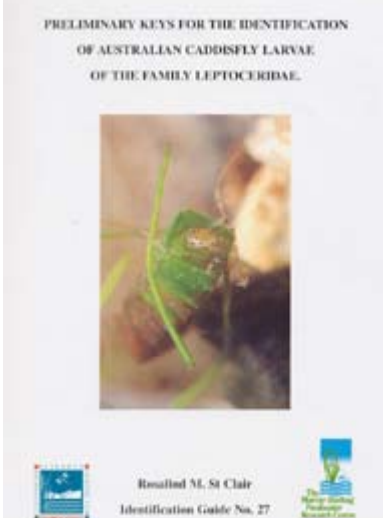

No	Cover	Content	Price
10		<p>Preliminary guide to the identification of late instar larvae of Australian Ecnomidae, Philopotamidae and Tasimiidae (Insecta: Trichoptera)</p> <p>D. Cartwright, 1997</p> <p>Contains: keys to genera; morphological drawings; checklist and distribution of species; taxonomic and ecological information for genera</p> <p>Replaced by Guide 50</p>	out of print
11		<p>Larvae of the Australian Hydrobiosidae (Insecta: Trichoptera)</p> <p>J. C. Dean, 1997</p> <p>Contains: keys to genera and species with drawings and black & white plates; morphological text and drawings; checklist and distribution of species; taxonomic information for genera</p> <p>Genus key replaced by Guide 50</p>	\$27.50
12		<p>Preliminary guide to the identification of late instar larvae of Australian Philorheithridae, Calamoceratidae and Helicopsychidae (Insecta: Trichoptera)</p> <p>R. M. St Clair, 1997</p> <p>Contains: keys to genera and species with drawings; morphological drawings; checklist and distribution of species; taxonomic and ecological information for families and genera</p> <p>Genus key replaced by Guide 50</p>	out of print

No	Cover	Content	Price
13		<p>A preliminary guide to the identification of larval Hydroptilidae (Insecta: Trichoptera)</p> <p>A. Wells, 1997</p> <p>Contains: keys to genera and species with drawings; preparation techniques; checklist and distribution of species; taxonomic and ecological information for genera</p> <p>Genus key replaced by Guide 50</p>	\$22.00
14		<p>Preliminary guide to the identification of nymphs of Australian baetid mayflies (Insecta: Ephemeroptera) found in flowing waters</p> <p>P. J. Suter, 1997</p> <p>Contains: keys to genera and species with drawings; taxonomic information for genera</p> <p>Replaced by</p> <p>Webb, J. & Suter, P. (2011) Identification of larvae of Australian Baetidae. <i>Museum Victoria Science Reports</i> 15: 1-24</p>	out of print
15		<p>Preliminary guide to the identification of late instar larvae of Australian Polycentropodidae, Glossosomatidae, Dipseudopsidae and Psychomyiidae (Insecta: Trichoptera)</p> <p>D. I. Cartwright, 1998</p> <p>Contains: keys to genera and species with drawings; morphological drawings; checklist and distribution of species; taxonomic and ecological information for genera</p> <p>Genus keys replaced by Guide 50</p>	\$22.00

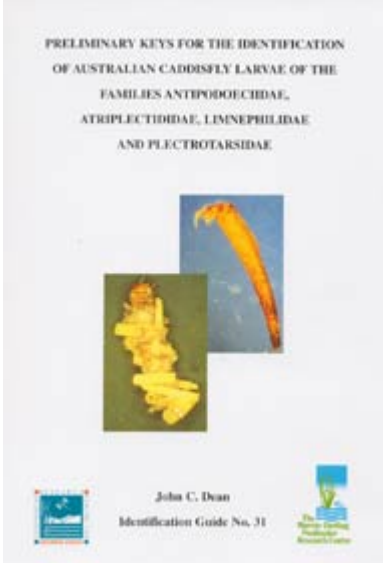

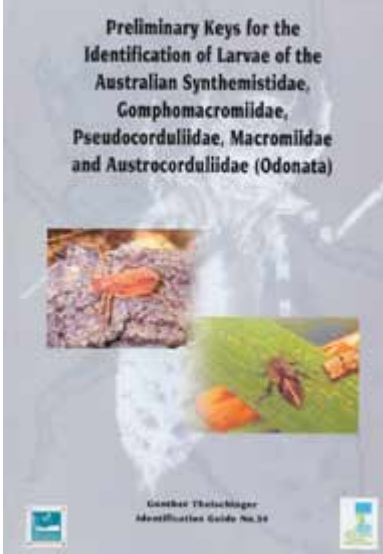

No	Cover	Content	Price
16		<p>Preliminary guide to the identification of late instar larvae of Australian Calocidae, Helicophidae and Conoesucidae (Insecta: Trichoptera)</p> <p>J. Jackson, 1998</p> <p>Contains: keys to genera and species with drawings; morphological text and drawings; checklist and distribution of species taxonomic information for families and genera; ecological information for families</p> <p>Genus keys replaced by Guide 50</p> <p>Calocidae genus and species keys replaced by</p> <p>Shackleton, M. (2013) Preliminary keys to the larvae of Australian Calocidae (Insecta: Trichoptera) Presented at TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 5 – 6 February 2013</p>	\$27.50
17		<p>A guide to the identification of larval Psephenidae water pennies (Insecta: Coleoptera)</p> <p>J. Davis, 1998</p> <p>Contains: keys to species with drawings; morphological drawing; collection techniques; checklist and distribution of species; ecological information for family</p>	\$22.00
18		<p>A guide to the identification of families of Australian water mites (Arachnida: Acarina)</p> <p>M. S. Harvey and J. E. Grows, 1998</p> <p>Contains: keys to groups and families with drawings; morphological text and drawings; glossary; preparation techniques; general ecological and life history information; taxonomic information and ecological notes for families; colour plates</p>	\$27.50

No	Cover	Content	Price
19		<p>Preliminary guide to the identification of adult and larval Dytiscidae and adult aquatic Hydrophilidae (Insecta: Coleoptera)</p> <p>C. Watts, 1998</p> <p>Contains: keys to genera with drawings; morphological drawings; checklist of species; taxonomic notes and ecological information for families and genera</p> <p>Replaced by Guide 43</p>	\$27.50
20		<p>Preliminary keys for the identification of Australian mayfly nymphs of the family Leptophlebiidae</p> <p>J. C. Dean, 1999</p> <p>Contains: keys to genera and species with drawings; morphological text and drawings; checklist and distribution of species; taxonomic information for genera</p> <p>Genus key up dated</p> <p>Dean, J.C. (2011) A key to Australian genera of mayfly nymphs of the family Leptophlebiidae (Ephemeroptera). Presented at TRIN workshop, La Trobe University, February 2011</p>	\$27.50
21		<p>Guide to the identification of Australian Elmidae larvae (Insecta: Coleoptera)</p> <p>A. Glaister, 1999</p> <p>Contains: keys to genera and species with black & white and colour plates; morphological text and black & white plates; checklist and distribution of species; ecological information for family and genera</p>	\$38.50

No	Cover	Content	Price
22		<p>Preliminary keys for the identification of Australian Trichoptera larvae of the family Hydropsychidae</p> <p>J. C. Dean, 1999</p> <p>Contains: keys to genera and species with drawings; morphological text and drawings; checklist and distribution of species; taxonomic information for genera; ecological information for family</p> <p>Genus key replaced by Guide 50</p>	\$22.00
23		<p>Illustrated key to the Australian caenid nymphs (Ephemeroptera: Caenidae)</p> <p>P. J. Suter, 1999</p> <p>Contains: keys to genera and species with drawings; checklist and distribution of species</p>	\$22.00
24		<p>Dragonfly Larvae (Odonata): A guide to the identification of larvae of Australian families and to the identification and ecology of larvae from New South Wales</p> <p>J. H. Hawking and G. Theischinger, 1999</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; glossary; checklist of species; taxonomic information for order, families, genera and species; ecological and distribution information for species; colour plates</p> <p>Possible update in part</p> <p>Theischinger G and Endersby I (2009) Identification guide to the Australian Odonata. Department of Environment, Climate Change and Water NSW, Sydney</p>	\$55.00

No	Cover	Content	Price
25	 <p>A GUIDE TO THE IDENTIFICATION OF COMMON BLUE-GREEN ALGAE (CYANOPROKARYOTES) IN AUSTRALIAN FRESHWATERS</p> <p>Peter D. Baker & Larrille D. Fabbro</p> <p>Identification Guide No. 25</p>	<p>A guide to the identification of common blue-green algae (cyanoprokaryotes) in Australian freshwaters</p> <p>P. Baker and L. Fabbro, 1999</p> <p>Contains: keys to orders and genera with drawings and colour plates; glossary; checklist of families; taxonomic information for orders and genera; general ecological information; distribution information for common species</p>	\$35.00
26	 <p>AN ILLUSTRATED KEY TO COMMON DIATOM GENERA FROM SOUTHERN AUSTRALIA</p> <p>Gell, Sonneman, Reid, Illman & Sincock</p> <p>Identification Guide No. 26</p>	<p>An illustrated key to common diatom genera from southern Australia</p> <p>P. Gell, J. Sonneman, M. Reid, M. Illman, A. Sincock, 1999</p> <p>Contains: keys to genera; morphological text and drawings; glossary; preparation techniques; checklist of common species; taxonomic information for genera; ecological information for genera</p>	out of print
27	 <p>PRELIMINARY KEYS FOR THE IDENTIFICATION OF AUSTRALIAN CADDISFLY LARVAE OF THE FAMILY LEPTOCERIDAE</p> <p>Rosalind M. St Clair</p> <p>Identification Guide No. 27</p>	<p>Preliminary keys for identification of Australian caddisfly larvae of the family Leptoceridae</p> <p>R.M. St Clair, 2000</p> <p>Contains: keys to genera and species with drawings and black & white plates; morphological drawings; checklist and distribution of species; taxonomic information for family and genera; ecological information for genera</p> <p>Genus key placed by Guide 50</p>	\$33.00

No	Cover	Content	Price
28	 <p>PRELIMINARY KEYS FOR THE IDENTIFICATION OF LARVAE OF THE AUSTRALIAN GOMPHIDES (ODONATA)</p> <p>Günter Theischinger Identification Guide No. 28</p>	<p>Preliminary keys for the identification of larvae of the Australian gomphids (Odonata)</p> <p>G. Theischinger, 2000</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; checklist of species; taxonomic information families, genera and species; ecological and distribution information for genera, species</p> <p>Possible update in part</p> <p>Theischinger G and Endersby I (2009) Identification guide to the Australian Odonata. Department of Environment, Climate Change and Water NSW, Sydney</p>	\$27.50
29	 <p>AUSTRALIAN ALDERFLY LARVAE AND ADULTS (INSECTA: MEGALOPTERA) A PRELIMINARY GUIDE TO THE IDENTIFICATION OF LARVAE AND SURVEY OF ADULTS OF AUSTRALIAN ALDERFLIES</p> <p>Günter Theischinger Identification Guide No. 29</p>	<p>Australian alderfly larvae and adults (Insecta: Megaloptera): A preliminary guide to the identification of larvae and survey of adults of Australian alderflies</p> <p>G. Theischinger, 2000</p> <p>Contains: keys to families and genera with drawings; checklist of species; taxonomic and distribution information for families, genera and species</p>	\$19.80
30	 <p>PRELIMINARY KEYS FOR THE IDENTIFICATION OF AUSTRALIAN CADDISFLY LARVAE OF THE FAMILIES ODONTOCERIDAE, KOKIRIIDAE AND OECONESIDAE</p> <p>Rosalind M. St Clair Identification Guide No. 30</p>	<p>Preliminary keys for identification of Australian caddisfly larvae of the families Odontoceridae, Kokiriidae and Oeconesidae</p> <p>R. M. St Clair, 2000</p> <p>Contains: keys to genera and species with drawings; checklist and distribution of species; taxonomic information for families; ecological information for families and genera</p> <p>Genus key replaced by Guide 50</p>	\$19.80

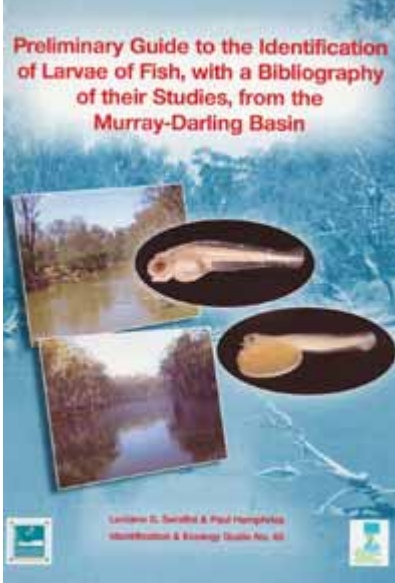

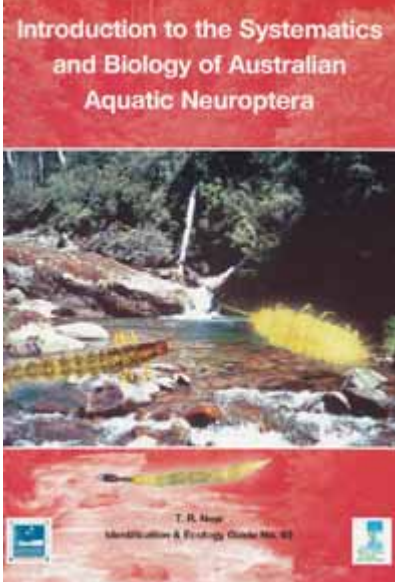

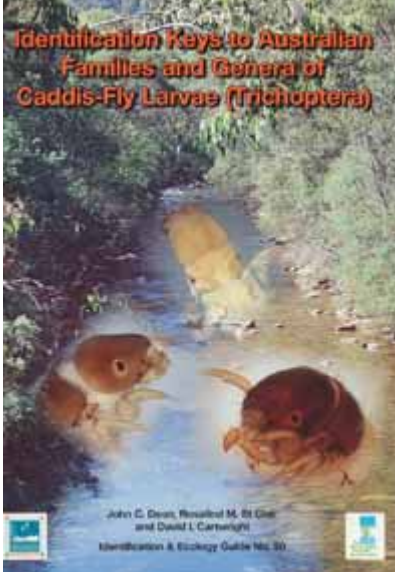

No	Cover	Content	Price
31		<p>Preliminary keys for the identification of the Australian caddisfly larvae of the families Antipodoeciidae, Atriplectididae, Limnephilidae and Plectrotarsidae</p> <p>J. C. Dean, 2000</p> <p>Contains: keys to species with drawings; checklist and distribution of species; taxonomic and ecological information for families</p>	\$19.80
32	not published		
33		<p>An illustrated guide to common stream diatom species from temperate Australia</p> <p>J.A. Sonneman, A. Sincock, J. Fluin, M. Reid, P. Newall, J. Tibby and P. Gell, 2000</p> <p>Contains: keys to species; glossary; taxonomic and ecological information for species; black & white plates</p>	\$49.50
34		<p>Preliminary keys for the identification of larvae of the Australian Synthemistidae, Gomphomacromiidae, Pseudocorduliidae, Macromiidae and Austrocorduliidae (Odonata)</p> <p>G. Theischinger, 2001</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; taxonomic information for families, genera and species; ecological and distribution information for species</p> <p>Possible update in part</p> <p>Theischinger G and Endersby I (2009) Identification guide to the Australian Odonata. Department of Environment, Climate Change and Water NSW, Sydney</p>	\$33.00

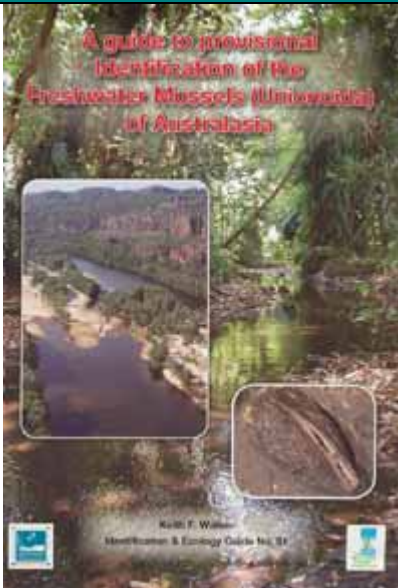

No	Cover	Content	Price
35		<p>A reference guide to the ecology and taxonomy of freshwater and terrestrial leeches (Euhirudinea) of Australasia and Oceania</p> <p>F.R. Govedich, 2001</p> <p>Contains: keys to families, genera and species with drawings; morphological text and drawings; glossary; preparation techniques; checklist and distribution of species; general ecological information</p>	\$33.00
36		<p>A bibliography to some of the ecological and biological literature of Australian aquatic inland invertebrates</p> <p>M.J. Pearson and J.H. Hawking, 2001</p> <p>Contains: list of available ecological information</p>	\$27.50
37		<p>An introduction to the identification of aquatic caterpillars (Lepidoptera) found in Australian inland waters</p> <p>J.H. Hawking, 2001</p> <p>Contains: keys to families, species with drawings and black & white plates; morphological drawings; checklist of species; taxonomic and ecological information for families and species; distribution information for species; colour plates</p> <p>Most keys have been replaced but reference is made back to guide 37</p> <p>Hawking, J.H., (2012) Preliminary guide to the larvae of the aquatic moths from Australia (Lepidoptera: Crambidae: Acentropinae). TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 31 January – 1 February 2012</p>	\$33.00

No	Cover	Content	Price
38	 <p>A Key to Victorian Nymphs of <i>Leptoperla</i> (Plecoptera: Gripopterygidae)</p> <p>Edward Tsyrlin Identification Guide No. 28</p>	<p>A key to Victorian nymphs of <i>Leptoperla</i> (Plecoptera: Gripopterygidae)</p> <p>E. Tsyrlin, 2001</p> <p>Contains: keys to families, genera and species with drawings and colour plates; morphological drawing; checklist and distribution of genera; taxonomic and ecological information for species</p>	\$33.00
39	 <p>A Guide to the Identification of Australian Freshwater Planktonic Chroococcales (Cyanoprokaryota/Cyanobacteria)</p> <p>G. B. McGregor & L. D. Fabbro Identification Guide No. 29</p>	<p>A guide to the identification of Australian freshwater planktonic chroococcales (Cyanoprokaryota/ Cyanobacteria)</p> <p>G. B. McGregor and L. D. Fabbro, 2001</p> <p>Contains: keys to genera and species; glossary; general life history information; taxonomic and distribution information for genera and species; ecological information for species; drawings and colour plates</p>	\$30.00
40	 <p>Tasmanian Aquatic & Semi-Aquatic Hemipterans</p> <p>I. Lansbury & P. S. Lake Identification and Ecology Guide No. 40</p>	<p>Tasmanian aquatic and semi-aquatic hemipterans</p> <p>I. Lansbury and P. S. Lake, 2002</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; glossary; preparation techniques; checklist of species; taxonomic and distribution information for species; ecological information for families and species; colour plates</p>	\$33.00

No	Cover	Content	Price
41		<p>Habitat profiles of Queensland mayflies, families Baetidae, Caenidae and Prosopistomatidae</p> <p>P. J. Suter, D. Conrick, B. Cockayne and S. Choy, 2002</p> <p>Contains: checklist of species; habitat and distribution information for species</p>	\$33.00
42		<p>Preliminary keys for the identification of larvae of the Australian Petaluridae, Archipetaliidae, Austropetaliidae, Telephlebiidae and Aeshnidae (Odonata)</p> <p>G. Theischinger, 2002</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; checklist of species; taxonomic information for families, genera and species; ecological and distribution information for species; colour plates</p> <p>Possible update in part</p> <p>Theischinger G and Endersby I (2009) Identification guide to the Australian Odonata. Department of Environment, Climate Change and Water NSW, Sydney</p>	\$37.00
43		<p>Checklists and guides to the identification, to genus, of adult and larval Australian water beetles of the families Dytiscidae, Noteridae, Hygrobiidae, Haliplidae, Gyrinidae, Hydraenidae and the superfamily Hydrophiloidea (Insecta: Coleoptera)</p> <p>C. H. S. Watts, 2002</p> <p>Contains: keys to genera with drawings; morphological drawings; checklist of species; taxonomic and distribution information for genera; ecological information for families and genera; colour plates</p> <p>Gyrinidae key replaced by</p> <p>Watts C.H.S. & Hamon (2010) Pictorial guide to the Australian whirligig beetles. South Australian Museum http://www.samuseum.sa.gov.au/assets/files/science/terrestrial-invertebrates/Guide to Gyrinidae.pdf</p>	out of print

No	Cover	Content	Price
44		<p>A preliminary identification of Australian Syncarida (Crustacea)</p> <p>P. A. Serov, 2002</p> <p>Contains: keys to families and genera with drawings; morphological drawings; glossary; preparation techniques; checklist and distribution of species; general ecological information; taxonomic and ecological information for families; colour plates</p>	\$33.00
45	not published		
46		<p>Dragonflies of Victoria: An identification guide to adult and larval dragonflies (Odonata)</p> <p>G. Theischinger and J. H. Hawking, 2003</p> <p>Contains: keys to families, genera and species with drawings; morphological drawings; checklist of species; colour plates</p> <p>Possible update in part</p> <p>Theischinger G and Endersby I (2009) Identification guide to the Australian Odonata. Department of Environment, Climate Change and Water NSW, Sydney</p>	\$38.50
47		<p>An identification guide to the fairy shrimps (Crustacea: Anostraca) of Australia</p> <p>B.V. Timms, 2004</p> <p>Contains: keys to families, genera, species with drawings; morphological text and drawings; glossary; collection and preservation techniques; checklist and distribution of species; taxonomic information for families, genera; colour plates</p>	\$42.90

No	Cover	Content	Price
48	 <p>Preliminary Guide to the Identification of Larvae of Fish, with a Bibliography of their Studies, from the Murray-Darling Basin</p> <p>Larvae G. Serafini & Paul Humphries Identification & Ecology Guide No. 48</p>	<p>Preliminary guide to the identification of larvae of fish, with a bibliography of their studies, from the Murray-Darling Basin</p> <p>L.G. Serafini and P. Humphries, 2004</p> <p>Contains: keys to families, genera and species with drawings and black & white plates; morphological text and drawings; taxonomic and distribution information for species</p>	\$40.70
49	 <p>Introduction to the Systematics and Biology of Australian Aquatic Neuroptera</p> <p>T. R. New Identification & Ecology Guide No. 49</p>	<p>Introduction to the systematics and biology of Australian aquatic Neuroptera</p> <p>T.R. New, 2004</p> <p>Contains: keys to families, genera and species (terrestrial adults only); checklist and distribution of species; taxonomic and ecological information for families</p>	\$40.70
50	 <p>Identification Keys to Australian Families and Genera of Caddis-Fly Larvae (Trichoptera)</p> <p>John C. Dean, Rosalind M. St Clair and David I. Cartwright Identification & Ecology Guide No. 50</p>	<p>Identification keys to Australian families and genera of caddis-fly larvae (Trichoptera)</p> <p>J.C. Dean, R.M. St Clair and D.I. Cartwright, 2004</p> <p>Contains: keys to families and genera with drawings and black & white plates; morphological drawings; checklist and distribution of species; taxonomic and ecological information for families; colour plates</p> <p>Calocidae genus key replaced by</p> <p>Shackleton, M. (2013) Preliminary keys to the larvae of Australian Calocidae (Insecta: Trichoptera) Presented at TRIN Taxonomic Workshop, La Trobe University, Albury-Wodonga campus, 5 – 6 February 2013</p>	\$46.20

No	Cover	Content	Price
51		<p>A guide to the provisional identification of the freshwater mussels (Unionoida) of Australasia</p> <p>K.F. Walker, 2004</p> <p>Contains: keys to species; distribution information for species; morphological drawings; checklist of species</p>	\$38.50
