

Have you seen this bird?

If you know of a location regularly visited by straw-necked ibis – for feeding, roosting or nesting – please contact us!

We are fitting GPS satellite transmitters to both adult and juvenile straw-necked ibis in order to find out more about their movements and habitat use.

Please contact Heather McGinness: E Heather.McGinness@csiro.au T 02 62464136

HOW TO DISTINGUISH BETWEEN JUVENILE AND ADULT STRAW-NECKED IBIS....

Thankyou
